2015 Rate Increase

- **The trustees have authorized an 8% increase to KID water rates for 2015**
- **Rate increase is to put more money into reserves to deal with our aging infrastructure.**

- **We have also added a levy of \$37.50 to specifically deal with Interior Health Authority items. Currently we are doing our source water protection study.**
- **The outcome of this study will help the board and ratepayers in future decision making with respect to the IHA 4,3,2,1,0 mandate.**

Thank you!
